# Greetings,

I am pleased to publish the 1990 Abstract of Votes Cast which provides as complete a picture of Colorado voting behavior as our data will provide.

Compiled from material filled at our office, this publication profiles the voting patterns of Colorado voters both in the Primary and the General Election.

Some 1,046,139 electors exercised their voice at the polls in November 1990. This abstract is dedicated to those who realize that every voice is critical and counted in determining the direction of local and national governmental affairs. Our system of government would cease to exist without a concerned constituency who participates at every level of the electoral process.

Sincerely,

A handwritten signature in cursive script, reading "Natalie Meyer". The signature is written in dark ink and is positioned below the word "Sincerely,".

Natalie Meyer  
Secretary of State

I am pleased to provide the 1990 Abstract of Votes Cast and to provide  
an overview of Colorado's voting behavior as the state will  
provide.

Compiled from materials filed at our office, this publication profiles the  
voting patterns of Colorado voters both in the Primary and the General  
Election.

Some 1,000,000 voters cast their votes in the polls in November  
1990. This document was compiled to show who really did vote, and  
what they voted for. It is a summary of the information of last year's  
Governmental Affairs Committee of government voters, and is  
without a captioned committee, who provide a view of the  
electoral process.
